President's Report

Dear NAPSA members,

I hope you are all well, particularly during this busy time of the year with exams either underway or right around the corner. I am sure you are studying hard and will reap the rewards of your hard work, however, remember to take time out of your studies for breaks and a bit of relaxation. It has been a long year for obvious reasons and whilst self-care is always important, it can be neglected more so during periods of stress. Support networks exist that you can reach out to if needed, and pharmacy students and interns are lucky to have a dedicated service in the [Pharmacists' Support Service \(PSS\)](#) run by pharmacists for the pharmacy profession. PSS are happy to provide confidential and anonymous support and can help out if you are stressed or need to talk about your mental health. Run all year round, you can call PSS on 1300 244 910. The Pharmacists' Support Service is a free service with dedicated volunteers that make invaluable contributions to support our profession, so if you can, consider donating [here](#).

September saw the celebration of the 10th annual World Pharmacists Day, with the theme of 'Transforming global health' highlighting the many ways in which pharmacists improve public health and patient outcomes. You can view NAPSA's video thanking pharmacists for their dedication to the profession [here](#). This year was a particularly important occasion given the vital role pharmacists are playing on the frontline in the fight against the COVID-19 pandemic around the world. Our thoughts are with the families and friends of those pharmacists that have tragically passed away as a result of the pandemic, and also with all those that have been affected across the globe.

President's Report

October saw the close to NAPSA's annual Vampire Cup Blood Donation Drive. I would like to thank all those that rolled up their sleeves and donated generously. We exceeded last year's donation tally despite the challenges of COVID, and collectively saved 1000 lives through our donations! A special congratulations goes to Nihal Dey (QPSA), Brennan Buseti (JCUPSA) and Antoni Ukalović (WAPSA) for being the inaugural winners of our Vampire Cup Bingo Competition. Once again, a huge thank you for everyone's generosity and I hope you will all continue to donate in the future as it is a life changing essential service!

NAPSA also recently held our Mental Health Webinar in recognition of October being Mental Health Awareness Month. I would like to thank Kay Dunkley from PSS, Helen Lowy from DHHS and Elise Apolloni and Kayla Lee from Capital Chemist for giving up their time to speak with students about how to provide mental health care to patients as a pharmacist and the importance of self care for pharmacists and pharmacy students. Thank you also to all those that attended and we look forward to bringing you more educational events in the future.

President's Report

The National Pharmacy Students' Survey (NPSS) is still open and we are looking for as many responses as possible! This is your chance to provide your opinion on the future of the profession, so if you have not had a chance to complete it there is still time! The annual NPSS results are used by NAPSA to understand the views and current concerns of students, including employment, remuneration, undergraduate placement opportunities and more. This allows NAPSA to advocate for you, our members, and relay the message to peak bodies to make our student voice heard. By completing the survey, you go in the draw to win a 2021 AMH and it only takes about 10 minutes to complete, so click [here](#) and have your say!

The 2020 SHPA Virtual Congress is just around the corner, being held across the 21st and 22nd of November. It is sure to be an interesting program featuring the latest from clinical practice as well as hot topics such as COVID-19 and Aged Care. With heavily discounted student prices and no need to pay large travel expenses, it is definitely worth signing up for! To view the full program and register click [here](#).

Also upcoming is an exciting initiative from NAPSA and the Australian Pharmaceutical Science Association (APSA), where pharmacy students will have the opportunity to listen to and question well-renowned and leading pharmacy academics about their career progression and hot tips about the pharmacy research space. The inaugural NAPSA x APSA symposium will take place in late November, so keep an eye out for more information about our keynote speakers and registration details in the coming week!

President's Report

Congress 2021 is not too far away either and whilst we are disappointed we cannot see everyone in Brisbane as planned, we are excited with the development of our first online Congress. With our organising team hard at work to bring you amazing education events and fun activities, keep your eyes peeled for more information on the events soon, and we hope you will all join us in January!

As we come to the end of the academic year, I will you all the best for your final exams. To our graduating students and interns, congratulations on reaching that important milestone and all the best for future career aspirations!

Ethan Kreutzer
National President

Guild Intern Training Program

The infographic features a teal header with the text "5 REASONS to enrol in the Guild Intern Training Program". Below the header are five teal boxes, each containing an icon and a reason: 1. "PRACTICAL LEARNING" with an apple icon. 2. "WORK-LIFE BALANCE" with a scales icon. 3. "MAXIMUM EXAM SUPPORT" with a person and book icon. 4. "FLEXIBLE COURSE STRUCTURE" with a branching path icon. 5. "ACCESS TO INDUSTRY EVENTS" with a calendar icon. At the bottom, there is a teal bar with the text "NEED SOME ASSISTANCE?" followed by contact information: "1300 110 161", "@info@internpharmacist.com.au", and "www.internpharmacist.com.au". Below this is a yellow button with a right-pointing arrow and the text "READY TO ENROL? Click here to enrol now!". To the right of the button is the "Guild Pharmacy Academy" logo and the text "INTERN TRAINING PROGRAM".

Guild Intern Training Program: Get the Competitive Edge

Comprehensive Exam Support: Guild Interns receive comprehensive resources to support you with your exams including written and oral exam training modules, practice materials to use with your preceptor and personalised guidance from tutors.

Bonus Training: The Guild Intern Training Program is the best value program on the market with complimentary vaccination or refresher training, Medication Management Review (MMR) Stage One Training at no extra cost, as well as complimentary membership with the Australian College of Pharmacy and exclusive access to education events.

Conference Access: Looking to grow your pharmacy network? Guild interns receive FREE registration to APP Conference* on the Gold Coast (valued at \$940), and Pharmacy Connect^ in Sydney (valued at \$295).

Find out more at internpharmacist.com.au or call 1300 110 161

Vampire Cup 2020

The end of October concludes one of NAPSA's most anticipated pharmacy awareness campaigns, our annual Vampire Cup. This national campaign encompasses all 17 branches going head to head for the most whole blood, plasma and platelets donations.

This year, our donations exceeded last years by 80 and collectively, we saved 1000 lives. This is an outstanding achievement. I acknowledge this year's Vampire Cup wasn't under normal circumstances. We've changed the way we learn, the way we study, the way we live but our commitment to lifeblood and raising awareness for this cause remains the same.

'Vampire Cup Bingo' was also introduced as an incentive for pharmacy students to donate and potentially win our limited-edition medals.

I am pleased to announce this year's winners:

1st Nihal Day (QPSA)

2nd Brennan Buseti (JCUPSA)

3rd Antoni Ukalović (WAPSA)

A big thank you to all branches for coming together and continuing to support this campaign. I look forward to announcing the overall winner and the young blood award at our annual NAPSA Congress held online in January 2021.

Kathryn Mayanja

Pharmacy Awareness Chair 2020/2021 term

Awards Night with CaSPA

The Canberra Student Pharmacy Association (CaSPA) ran an awards night on the 19th of September to award the 2019 pharmacy awards that were won. It was a great chance dress up, and to blow off a little steam after the crazy year far we have had so far. We heard from Lucinda Kenny, our keynote speaker, about her years leading up to becoming the 2019 intern of the year. The food was delicious, and much fun was had!

We would like to give a massive thank you to Cecile (our amazing social chair), Ryan (our awesome assistant treasurer), the CaSPA committee, the UC Life team, and pharmacy staff for helping us pull such an amazing night off! Thank you, also, to our wonderful sponsors for making our night possible: UC Life, [Capital Chemist Group](#), [Pharmacy Guild of Australia](#) and the [Pharmaceutical Society of Australia](#).

Juliet Contreras
CaSPA President

World Pharmacists Day – 25th September 2020

On Friday the 25th of September, we celebrated our 10th World Pharmacist Day! This year highlighted the many ways pharmacists improve public health in addition to dispensing medicines. An initiative of the International Pharmaceutical Federation (FIP), explored the theme of “Pharmacists: Your medicines experts and so much more.”

We were fortunate enough to be able to use our platform to create a video on behalf of NAPSA and all of our 17 branches thanking pharmacists for the incredible work they’ve done.

As early career pharmacists and pharmacy students, we provided healthcare throughout a global pandemic. We are extremely grateful and proud of not only our own but ALL healthcare workers. 2020 so far has been a huge learning experience for us all and we can’t wait to hear everyone's experiences in a post-COVID world.

10th Anniversary • 25 September 2020

WORLD PHARMACIST DAY

PSA Intern Training Program

PSA Intern Training Program was recommended to me by my colleague at work. I must say the flexibility and support I got through the training helped me a lot.

Here's what makes PSA's Intern Training Program next level

When you've graduated, you're faced with the next challenge: getting registered. PSA's Intern Training Program is designed to help get you there...and beyond.

We offer Australia's most popular and comprehensive training program.

We ensure you get everything you need to succeed, it's as simple as that. Our intern training program is a smooth transition to get you prepared for your best career.

Here's how:

- **Extensive support** from our dedicated training team
- Gets you **career-ready**, regardless of practice setting
- Finish your training with a qualification, the **Graduate Certificate of Applied Pharmacy Practice 10797NAT**
- Attend **inspiring workshops and training** that get you career-ready
- Experience **flexibility to succeed** at your own pace
- Dedicated oral and written **exam preparation**
- **PSA's immunisation training** at no extra charge

...and you get **FREE PSA membership**. Giving you more support and education resources including:

- Access to our **pharmacist to pharmacist phone advice line**
- **PSA's CPD**; everything you need to meet your annual CPD requirements
- Subscription to the award winning **Australian Pharmacist Journal**
- Free or member-discounted **PSA events** and **networking opportunities**
- **Discounts on exam textbooks** including the APF

Next level intern training.

RTO Code 122206

Talk to us on **1300 369 772** or go next level now via psa.org.au/intern

Rural Spotlight: Goondiwindi

Growing up in rural Queensland, I never realised how different the access to quality healthcare was when compared to more metropolitan areas until I moved to Brisbane for university. Throughout my tertiary education, I became aware about the gap that is posed by the isolation of rural and remote areas when it comes to accessing quality primary healthcare services and how that can affect an individual's livelihood. As a future pharmacist, it is my mission to ensure that everyone can have access to the best possible care within the community.

By undergoing my experiential placements in rural areas, I have been able to expand my understanding of the importance of having quality access to healthcare and how I can help people access healthcare in rural areas.

I have found that rural communities are an especially wonderful environment for health professionals to expand their scope and depth of practice and there is a particular sense of involvement and belonging offered by the locals.

During the month of August 2020, I was fortunate enough to undertake my final placement at Allen's Pharmacy in Goondiwindi, QLD. Allen's Pharmacy is one of two community pharmacies that services Goondiwindi and the greater community with a multitude of professional health and medication services. With funding assistance through the NAPSA and LocumCo's Rural Placement Scholarship, I packed up my car and headed west on the Warrego Highway for four weeks.

Rural Spotlight: Goondiwindi

The pharmacy owner, Stacey Wild, my precepting pharmacist Kate Manteufel and the amazing team at Allen's were so welcoming and immediately I felt at ease working alongside them. After the initial settling in period, I felt well-adjusted to life in Goondiwindi and was encouraged to become involved with the community through social gatherings with the other young health professionals in the area.

This was a major highlight of my placement as I was able to experience first-hand, the positive outcomes that can come from cohesive and effective communication amongst different health professionals and how positive relationships can vastly impact the outcomes of patient health.

During my time at Allen's I was able to assist Kate, their Diabetes Educator with her consultations. This really opened my eyes up to the vast impact that diabetes can have on an individual and how important adequate diabetes management is to ensure positive health outcomes in rural areas.

The pharmacy staff really took the time to teach and guide me in their own approach to providing quality healthcare and I found this learning experience invaluable. I am so grateful towards all the staff at Allen's Pharmacy Goondiwindi for all they have given me.

Rural Spotlight: Goondiwindi

I loved how the pharmacy was utilised as a primary healthcare hub and how the staff interacted with the community each day with so much enthusiasm to help. The provision of quality health care and services in rural communities is what keeps people in these areas for as long as possible. Without them, many people would have limited choices about how chronic and acute health matters can be managed. By having completed my placement in a rural community, I am inspired to continue to work in rural areas to help improve people's outcomes when it comes to managing their own health.

I would highly recommend for students to undertake their placements in a rural area as the opportunities are highly varied to those in metropolitan areas and I guarantee it will be a very worthwhile experience.

Sarah Mackenzie
University of Queensland

LocumCo: Intern Platform

This is the time of year where many pharmacies and pharmacy groups are recruiting for Interns for 2021. This process can often feel daunting as you may find many applicants for the same Intern position. So how can you stand out from the crowd? Have you left your run too late? Where do you look?

LocumCo has simplified the process for you. Click [here](#) to jump onto our website and view all the intern positions around Australia.

Once you decide on the positions in which you are interested just apply by attaching your CV and cover letter and we will do the rest. If you have any questions, we are always there to answer them on *1800 357 001* or via email: jobs@locumco.com.au

Things to remember:

1. Employers are more likely to pay attention to your resume if you attach a cover letter. Make it unforgettable, unique and convincing
2. Keep your resume to 1-2 pages
3. Address each of the requirements of the job and include examples that illustrate these
4. Check spelling and grammar
5. Contact LocumCo for a more detailed list

If you are in a position to leave “the big smoke” and take an Intern position in a rural area, there are many more opportunities and the experience you will gain will be invaluable.

If you are after a role in a particular region we can also be proactive and send your details to the pharmacies in a particular region and let them know that we have a candidate who is keen to work there.

QUTSPA's Annual Ball

On Saturday the 5th of September, we were privileged enough to host our annual ball at Blackbirds Restaurant and Bar, a popular venue in the CBD of Brisbane!

Due to COVID-19 restrictions, we had a lot of uncertainty leading up to the event but we're so thankful to everyone in QLD for taking proper self-isolation precautions. As organisers, we were mindful of the changing restrictions by implementing our 'COVID-19 safety plan'.

Although our annual Charity Cup was postponed this year, we came together to pick another charity, 'The School Project', to raise awareness and funds for. *The School Project* (TSP) is an initiative from National Homeless Collective, providing essential school items to children displaced by domestic violence.

Our social chairs, Maria and Ella, pulled off a successful evening, hosting 130+ guests! Our NAPSA Liaison, Flynn Swift, was proud to announce that we managed to raise \$500 for TSP through merchandise and ticket sales. I'd like to thank all our QUTSPA members and the QUT Pharmacy Discipline for having faith and supporting us through this time.

James Yang
QUTSPA President

NAPSA Alumni Spotlight

Debbie Rigby

Brief outline of your career so far: 40+ years in many areas of pharmacy - community, hospital, consultant, academia, government, education, policy and advocacy. Director of NPS MedicineWise for 12 years. I have worked for Qld Health in Pharmaceutical Advisory Services, preparing the strategic plan for pharmacy services and other policy document. Also had appointments to various government committees including Australian Pharmaceutical Advisory Committee, Australian Digital Health Agency, Minister's Aged Care Advisory Committee and the Natural Therapy Review Advisory Committee.

Where did you study?: Studied at UQ

Favourite NAPSA memory: Smokos at UQ

One of your proudest achievements: Influence on the evolution of HMR's and RMMR's, and more recently pharmacist's in general practice. I'm working closely with GP's through HMR's and RMMR's and have worked in the GP surgery for a number of years. Also, part of the large REMAIN HOME study.

Advice to students: Embrace life-long learning, pursue advanced practice and seize opportunities with passion and perseverance.

Introduction to superannuation and GuildSuper

What is Superannuation?

Superannuation (also called 'super') is money saved for your retirement. Super is built up during the years you are working to help you live comfortably when you are no longer earning an income.

This will help your savings grow even faster through the power of compound interest.

Many super funds offer their members a basic level of insurance cover at low cost. This provides financial support if you pass away or become sick or injured and are unable to work. The fees are taken out of your super account, so you don't have to remember to pay for it or find extra money you may not have.

Australia has a compulsory super system. That means by law, your employer must pay money into a super fund on your behalf. This money is then invested, usually in the sharemarket, and the earnings reinvested to help your account balance grow over time.

The money paid into super by your employer is on top of your salary so it doesn't come out of your take-home pay. If you want, you can add more to your super at any time by making extra payments yourself.

You might think you don't need to know about super now while you're young, but when you retire, you'll be glad that you did. Take a moment to watch this video about how super works... it might just change your life!

[Learn more about superannuation here](#)

Who are we?

GuildSuper was established 15 years ago by the Pharmacy Guild of Australia (PGA) to provide quality superannuation services to workers in the pharmacy industry. Today, we manage \$2 billion in super savings for over 80,000 members across Australia. We understand the challenges faced by pharmacy sector workers and have tailored our products and services to meet your special needs. Our dedicated team is here to support you at work, on campus, over the phone or [via email](#).

Award-winning, innovative products

SUPERSUPER is a shop-and-save rewards program that is available exclusively to members of GuildSuper. It allows you to contribute to your super simply by doing your everyday shopping.

For more information, visit guildsuper.com.au/supersaver

[Click here to join GuildSuper](#)

Super opportunity before the end of June!

Make a contribution to your super before 30 June and you could be eligible to receive **up to \$500** from the Government!

Congress Poster Competition

Calling all student researchers - NAPSA has opened submissions for the second Student Research Poster Competition!

We are accepting all posters for research conducted by pharmacy students regarding pharmacy practice and clinical pharmacy. Thanks to the Australasian Pharmaceutical Science Association (APSA), the winner of best poster gets free registration to the APSA 2021 conference!

Students must be either currently studying a Bachelor, Master or Extended Master's degree in Pharmacy, or a double degree of Pharmacy and Pharmaceutics, or complete their studies or internship in 2020 from the before mentioned degrees.

For more information, click the poster below!

Student Research Poster Competition

We are accepting all posters for research conducted by pharmacy students regarding pharmacy practice and clinical pharmacy.

Thanks to the *Australasian Pharmaceutical Science Association (APSA)*, the winner of best poster gets free registration to the APSA 2021 conference!

2020 Poster Winner

Guild Student Offer and Resource Hub

JOIN THE GUILD FAMILY

The Pharmacy
Guild of Australia

The Pharmacy Guild of Australia's Student Offer is open to all pharmacy wstudents until graduation.

The Guild Student Offer gives you:

- ✓ FREE entry to The Australian Pharmacy Professional Conference (APP) Trade Exhibition and Welcome Reception on the Gold Coast
- ✓ FREE registration to Pharmacy Connect Conference in Sydney
- ✓ Important Community Pharmacy Agreement updates
- ✓ Quarterly dedicated student newsletter delivered straight to your inbox – bringing you the most relevant issues and advances in the industry today
- ✓ Comprehensive updates on professional pharmacy services
- ✓ Exclusive competitions

Community Pharmacy Career Pathways Resource Hub

The Guild aims to equip early career pharmacists with the pathways, skills, tools and professional networks needed to be leaders in the primary health care system and owners of community pharmacies. The Resource Hub is where to find valuable information and resources relevant to you and your stage of career.

Guild resources relevant to you

Complement your university studies and meet your professional development needs with the Pharmacy Guild of Australia.

GUILDED

Access a wide variety of online training courses, GuildEd assists pharmacists, interns and students to meet their professional development and education needs through CPD approved education, the CPD learning plan and online training options.

MENTORING

Are you interested in building skills that help develop your career in community pharmacy? Or perhaps you have a lot of experience that you'd be willing to share. Our mentor platform helps you connect with other professionals around Australia.

PODCASTS

Focusing on pharmacy management and ownership, the PBCN supports the improvement and growth of your business knowledge and performance with insights and advice from a range of industry professionals.

NEWS & EVENTS

Receive industry updates and insights relevant to you and your career and attend the Guild's premiere pharmacy industry conferences – Australian Pharmacy Professionals (APP) Conference and Pharmacy Connect Conference.

GUILD ITP

Complete your intern training anywhere across Australia with the Guild Intern Training Program (upon graduation).

My Pharmacy Career and Guild Mentor

My Pharmacy Career is your premium job-seeking platform for all careers and roles within community pharmacy.

Set your career profile today and let My Pharmacy Career start searching for your career opportunities, apply online or simply start searching today for new career opportunities yourself. My Pharmacy Career is an end-to-end recruitment platform designed to help you find careers and exciting roles in community pharmacy.

My Pharmacy Career is a national jobs platform, specific to community pharmacy. Anyone can register to find a new career or job opportunity within community pharmacy. The My Pharmacy Career App is compatible with Apple and Android phones.

Alcohol Abuse Awareness Day with CaSPA

The Canberra Student Pharmacy Association (CaSPA) recently held an event to raise awareness of the community health campaign “Alcohol Abuse Alert”. The event was highly successful, seeing 60+ people visit and participate with the stall.

CaSPA’s primary goal for this event was to increase awareness on the signs of alcohol abuse while promoting healthy drinking choices to a University-aged demographic. The main feature of the event was a “How Much is Too Much” standard drinks pouring station. Here participants poured out a volume of water that they believed equated to a standard drink of either wine, beer or spirits into unmarked plastic cups, then had their volume checked against pre-calibrated glasses.

Anecdotally, in general people poured too much when estimating a single ‘shot’ of liquid. CaSPA committee members were also responsible for distributing information on alcohol abuse, alcohol facts, sources of help during crisis (both national and ACT specific) and alcohol abuse self-assessment tools.

Juliet Contreras
CaSPA President

PSA Student Membership

DISCOUNT on essential reference text for your pharmacy studies

Become a FREE Pharmaceutical Society of Australia (PSA) student member and as an added bonus receive a \$130 discount off the APF24.

APF24 is an essential resource to aid your studies and assist in preparation for exams and professional practice. It covers a vast range of topics to support your studies, such as counselling, extemporaneous dispensing, cautionary advisory labels, complementary medicines, wound care and more.

Become a FREE PSA student membership and order your APF24 at www.psa.org.au

Want even more from your APF? APF is now available in digital.

With the digital version of APF, all the essential information you need to further your skills is at your fingertips. It is accessible on all mobile devices, with the advanced search and bookmarking tools making it easier than ever to find the information you require.

Some more great benefits for PSA student members include:

- Online access to *Australian Pharmacist*, the most closely read pharmacy journal in Australia.
- Invitations to regular PSA events, seminars and workshops in metro and rural locations throughout the country. Many of them are either free or offer exclusive discounts to PSA student members.
- Exclusive opportunity to compete against your peers nationally for the coveted annual title of Pharmacy Student of the Year (PSOTY).
- Gain access to quality, accredited pharmacist education materials to assist you in your studies.
- Receive support and be inspired by leading pharmacists to develop confidence, a professional network and get your career started on the right track.

APF24 – the best health information at your fingertips
